California Drought Watch

In an effort to keep you informed on this topic, I have created this web page. It includes links to recent news, important information and resources. Together, by conserving the water we have and pushing the legislature to craft a solution, we can move this state forward.

Latest News on the Drought

Senate Republicans Offer New \$8.7 Billion Water Bond Proposal To Meet CA's Needs

August 8, 2014

CSSRC - With time running out to place an alternative water bond on the November ballot that will help provide a safe and reliable water supply for California, Senate Republicans today introduced SB 1013 – The Clean, Safe, and Reliable Drinking Water Supply Act of 2014 .

Gov. Brown's water bond falls far short of what's needed

August 6, 2014

Modesto Bee - So let's get this straight. It's OK with the governor to spend \$9.95 billion for a bullet train that will speed from Los Angeles to San Francisco, but he can't fathom spending a penny more than \$6 billion to provide more water for all 36 million Californians and a \$45 billion ag...

Statement from Senate Republican Leader Bob Huff on Status of Water Bond Discussions

August 6, 2014

CSSRC - Californians are looking for real solutions to this drought and time is running out to find a realistic alternative to the current bipartisan water bond - Proposition 43 - that will be on the November ballot. That bipartisan bond meets Democrats' demands for clean and safe drinking water,...

Jerry Brown presses case on \$6 billion water bond

August 5, 2014

Sacramento Bee - Gov. Jerry Brown, pressing his case Tuesday for a smaller water bond on the November ballot, criticized the existing, \$11.1 billion bond as “pork-laden” and “with a price tag beyond what’s reasonable or affordable.”

Earth Log: UC Davis study projects \$2.2 billion drought loss

July 15, 2014

Fresno Bee - UC Davis took the bad news about California's drought to Washington D.C. on Tuesday, revealing the economic impacts on a bigger stage.
