

PEDIATRIC DISASTER RESPONSE AND EMERGENCY PREPAREDNESS

MGT-439

A 2010 report by the National Commission on Children and Disasters identified a training gap for emergency responders, first receivers, and emergency management personnel that reduced their effectiveness in responding to pediatric patients and their unique needs/considerations. The course addresses pediatric emergency planning and medical response considerations through a combination of lectures, small group exercises, and a table-top exercise.

Topics

- Introduction to Pediatric Response
- Emergency Management (EM) Considerations
- Implications for Planning and Response
- Functional Access Needs Considerations
- Mass Sheltering
- Pediatric Triage and Allocation of Scarce Resources
- Pediatric Reunification Considerations
- Pediatric Decontamination Considerations

Venue

Jurisdiction

Course Length

Two days (16 hours)

Participants

- Community and Hospital based Emergency Managers
- EMS Personnel
- Hospital Administration and Emergency Room Personnel
- Public Safety / Public Health Personnel
- School Administrators
- MRC Personnel
- Private sector
- Law Enforcement
- Disaster response/relief personnel
- County, State, and Federal personnel who respond to a local jurisdiction disaster event

Prerequisites

FEMA / SID Number

Students must register and bring a copy of their SID number to class. Register online:
