

Dear Juliann :

The Eastern Sierra Recreation Collaborative will be holding a public meeting this Monday, June 27 at Cerro Coso Community College in Bishop at 6 p.m. This meeting gives you the opportunity to voice your support to ensure that opportunities to implement sustainable recreation programs are included in the final revised Inyo National Forest Management Plan. This will be the first of five Eastern Sierra Recreation Collaborative public meetings held in the Eastern Sierra this summer:

- June 27, Bishop: Cerro Coso Community College
- July 11, June Lake: June Lake Community Center
- July 18, Bishop: Tallman Pavillion, Tri-County Fairgrounds
- July 25, Lone Pine: Statham Hall
- August 15, Bishop: Cerro Coso Community College
 - *All meetings will be held from 6 p.m. to 8 p.m.*

The Eastern Sierra community is dependent on recreation opportunities - both for our quality of life and for our tourism based economies. By participating in this process, you will be able to provide your insights and learn how to provide meaningful comments on the draft Inyo National Forest Management Plan, which is being updated for the first time in almost 30 years. Come share your thoughts and experiences for the future of sustainable, responsible recreation on the Inyo National Forest.

For details on how to become involved, please visit ESRC's [website](#). For more information about forest planning and other opportunities to participate, visit Friends of the Inyo's [website](#).
