***We've been warming up for you, Sonora -  
to standing ovations and unanimous acclaim.***

This is the **LAST CONCERT** for now of our historic, five-county commemorative tour celebrating the National Park Service's 100th Anniversary Year. This concert celebration will resume and conclude with a finale weekend in August on the East Side of the Sierra.

### **What *IS* the sound of Nature - nature's *musical* sound?**

**Is it possible for the many aspects of our region's great outdoors to be interpreted by a 60-member symphony orchestra? How might dawn amidst the big trees or autumn in the high country alongside the Tuolumne River or even: a rascally little chickaree - sound via an orchestra? Those answers will be revealed in Sonora**

**on Saturday, May 14 at 7:00pm during a very special concert event of the Mariposa Symphony Orchestra - *YOUR* symphony orchestra of the Yosemite region.**

We're sharing Mariposa's symphony orchestra throughout the Yosemite region thanks to the very generous California Arts Council grant awarded in recognition of this project '*Our Nation's Nature*'

Please join **Your** Symphony Orchestra of the Yosemite Region on our unprecedented five-county, seven-performance musical journey in commemoration of '*Our Nation's Nature*'.

With best musical wishes from the magnificent musicians of the MSO - and me.
