## Top Stories

### CalPERS (Finally) Adopts Risk Mitigation Strategy

Following a year of stakeholder meetings and CalPERS' Committee discussions, the CalPERS' Board of Administration on Wednesday agreed on an approach it purports will reduce the risk of major underfunding of the pension system.

### Audit Finds Issues With BOE Tax Allocations

A State Controller audit of the Board of Equalization's (BOE) accounting and administrative controls identified material weaknesses in how the board allocates retail sales and use tax, as well as discovering weaknesses in the board's oversight of its internal revolving fund used for salaries, travel, and vendor payments.

### State Treasurer Launches DebtWatch Portal

State Treasurer John Chiang launched a brand new government finance data portal – DebtWatch – earlier this week, providing state and local bond investment and debt information in an open data format.

### FAA Jet Fuel Tax Revenue Ruling May Trigger Immediate County Action

If your County Airport sells jet fuel, you'll want to know more about a recent ruling from the Federal Aviation Administration (FAA) regarding sales taxes.

Don't miss these important stories in our policy reports.

## CSAC News

### CSAC Hosts Regional Meeting on Energy Issues

The energy industry is changing faster than, well, faster than the speed of light and counties are well-served to stay up on what's happening. That's why CSAC hosted a regional meeting this week in San Jose, Santa Clara County focused on the dynamic nature of the energy industry.

### My Year as CSAC President

They say that time flies when you're having fun. It flies even faster when you are busy with fulfilling work that matters to the people of California. For me, this past year has flown by at the speed of light. With just a couple weeks left in my term as President of CSAC, I am proud of what we have been able to accomplish and a little melancholy that this chapter of my public service is coming to a close.
