

Some readers see this part of your email after the subject line in the inbox.
Write something brief and catchy, compelling them to open the email.

Yosemite Gateway Partners Newsletter

Autumn 2016
Volume 11, Number 3

Welcome to our Newsletter's New Look —

Now help us make sure YOUR Gateway gets its due focus. This newsletter reaches the most precisely-targeted audience seeking cutting-edge news and information about Yosemite's Gateways—YOU. And it's news straight from the source, directly from those who know the Gateways best—YOU.

Up next after this edition: our Winter YGP Newsletter will publish on January 9, 2017, just before our Thursday, January 12th, 2017 Winter YGP Quarterly Meeting. The Winter Newsletter's deadline will be FRIDAY, DECEMBER 23, 2016 — with submissions sent to Info@YosemiteGatewayPartners.org, with a subject line of "Newsletter." We'll remind you when time comes. Start thinking now, start planning and find out what's happening in your Gateway for early next year. Submissions should be a .pdf, word document or best of all: both. Photos should be .jpg, .png or .tif format—but we can talk.

Because we'd like to make sure YOUR Gateway gets its due focus.

In this issue:

It's a fact: people don't mind scrolling to read an email, as long as it's relevant and interesting. Make sure your message follows through on the promise in your subject line, and use several short paragraphs if you have a lot to say. When in doubt, challenge yourself to write less and add links that support your topic.
