

Dear Juliann :

Friends of the Inyo's members and volunteers support programs that inspire people to care for the Eastern Sierra. This summer for example, we worked on restoration projects at Marie Lakes with seniors at Athenian High on a month long wilderness trip. Thank you for helping to make this and our many other programs happen this field season. Our public lands are better off with your help. Here are a few more ways to get involved...

Bodie Hills Stewardship Day

Saturday, October 8

Join Friends of the Inyo, Bodie Hills Conservation Partnership, Bishop BLM, the Bodie Foundation and Bodie State Historic Park for a stewardship day in the beautiful Bodie Hills. Come help care for a special place in Mono County and enjoy exclusive perks for volunteers including meals giveaways, and a private interpretive tour.

Meet at the Red Barn in the center of Bodie at 8:30. Work runs until 12:30 and is followed by lunch.

For more info, visit our [website](#), [email](#) or call (760) 873-6500.

Cerro Gordo Exploration

Saturday, October 22

Join Friends of the Inyo and Eastern Sierra Interpretive Association in exploring one of the hidden gems of the Inyo Mountains. Space is limited, so

please RSVP.

For info, check our [website](#). To RSVP, [email](#) or call (760) 873-6500.

Fall Highball Stewardship Project

Sunday, November 6

After you've enjoyed a weekend of climbing clinics and evening events, help take care of two of our favorite local climbing areas- the Buttermilk and the Volcanic Tablelands.

Meet at Black Sheep Coffee Roasters at 8:30 for breakfast. Event starts at 9. [Email](#) or check our [website](#) for more info.

Help Your Public Lands

You can invest in the future of the places you love by supporting Friends of the Inyo. Every donation helps maintain trails, restore habitat, and protect wild places throughout the Eastern Sierra. We can't do it without you. Thank you for being part of your public lands.
